ST.PHILOMENA'S GIRLS HIGHER SECONDARY SCHOOL,  
2018-2019 | Tindivanam-604001, Villupuram dist  
Percentage: 87 %

## EXPERIENCE

### FULL STACK WEB DEVELOPER INTERN | INTERNSHIP

KLOUDPING IT SOLUTIONS PVT LTD.

May 2024 - Sep 2024 | Onsite

- Collaborated on multiple web development projects, utilizing ASP.NET for backend development and Angular for building responsive front-end interfaces. Implemented RESTful APIs to ensure seamless data communication between the front-end and back-end systems.
- Gained hands-on experience in debugging and optimizing applications for performance and scalability.

### WEB DEVELOPMENT AND DESIGNING INTERN | CODE CASA

July 2023 - Aug 2023 | Remote

- Developed a Landing Page with interactive UI components using HTML, CSS, and JavaScript.
- Built a Temperature Converter web application that dynamically converts temperature units.

## PROJECTS

### BOOKSTORE | JAVA ,SPRING BOOT,MYSQL

- Designed and developed a Bookstore Management System backend using Spring Boot and MySQL.Implemented RESTful APIs for managing book inventory, user authentication, and order processing.
- Utilized Spring Data JPA for database interaction and optimized queries for better performance.Ensured data security by implementing authentication and authorization mechanisms.

### NOTE KEEPER | NODEJS, REACTJS, EXPRESSJS, MONGODB

- A note-taking web application designed to help users create, update, delete, and organize their notes seamlessly.
- Features include user authentication, creating and managing notes with rich text, categorizing notes, and a search functionality for easy retrieval.

## SKILLS

### PROGRAMMING

• Java • Python

### FRAMEWORKS

• AngularJS • ReactJS  
• ExpressJS • Spring Boot

### TOOLS

• MySQL • MongoDB • Power BI  
• VS Code • Git • Github Actions
